

Dear Respected Sir,

I, Mr Arup Roy and Mrs. Aparna Roy are the parents of Ahan Roy of Class VIII C. Yesterday Ahan Roy appeared for the most awaited Nation Wide Mega Event- Canon Photo Marathon 2019.

We are delighted to inform you that Ahan has been awarded as the 2nd Runner's Up in Student's Category from whole India, competing against 23 nation wide schools with more than 250 young photographers. We wanted to express our deep gratitude for the school and your efforts into moulding my son not only as a performer but also a true human being overall.

Hayshan Sir and Sankarjit Sir, who have always motivated and encouraged Ahan throughout the event. These teachers are very well trained and hardworking, they are even willing to take out time from their own working schedule to provide extra support for him.

The school has provided a great support and extra exposure as compared to other schools, which will prove to be equally beneficial to Ahan and other students in near future.

We as parents feel proud and honoured that our children are students of South City International School.

Your Sincerely,

Arup Roy and Aparna Roy
