

Dear mam,

This is from a mother's desk to thank you for the wonderful nurturing you are doing.

My son Akshat Agarwal is in Prep D. Whichever day he has hindi class in school he comes back smiling and is very happy. He will tell me to sing the rhymes with him like "aaj mangalwar hai" "aalu kachalu" and so on. Not only that he wants to know names of all colours and things and words and numbers in Hindi. He has learnt all hindi names of colours and from 1 to 999 he can tell the hindi names. Like he can say "999 ko hindi mein nau sau ninyanbe bolte hain".

It's all because of your wonderful way of teaching because of which he has got such interest.

I just love the way you guide them with such lovely rhymes and wonderful way of teaching the varnmala. Thank you so much mam. You are doing a great job by making their curriculum so interesting and colourful.

Thanking you
Mother of akshat agarwal
