**The Principal
South City International School**

Respected Sir

This is a note to appreciate the magnificence with which the Preprimary fun-fiesta was hosted in SCIS with so many other schools.

The entire program was very well planned, well conducted, and executed flawlessly.

We were amazed to see the efficiency with which everything was handled by the teacher volunteers, and the other support staff in spite of the huge turnout.

Our little ones as well as parents and grandparents enjoyed the event thoroughly.

We wish to thank you and each one in your team involved in the program, and wish your team all the best for all the forthcoming events in future!

Thanks & Regards
