

Dear Sir,

Happy Independence Day !

We wish to express our gratitude towards SCIS for grooming our son, Ekansh Sethi over last 17 months.

We have seen Ekansh grow as a student, as a son & as an individual during this period, a testimony to the values SCIS has inculcated in him. We are certain that the efforts school take in educating its students are of the highest order.

As parents, we were fully satisfied with school's methodology & pedagogy. We would want to highlight some pluses which we witnessed in the school (while we had always wanted Ekansh to study in SCIS precisely because of these reasons).

1. Well built-up infrastructure
2. Extremely welcoming environment
3. Healthy balance between curricular & co-curricular activities
4. Well behaved, polite & informed faculty

We would also want to thank Ms. Amanpreet for being such a kind support to Ekansh. Without her, this journey would not have been this interesting. On a lighter side, Ekansh always saw a motherly figure in Ms. Amanpreet, which I believe, is required for kids of this tender age. She has always guided us on curriculum related & other issues. Thanks very much, Ma'm.

Alas! This association could not last long but our paths shall cross again. If we happen to come back to Kolkata, we would want Ekansh to study again in SCIS (hoping that you will give us that opportunity).

Regards,

Namita & Nalin Sethi

Parents of Ekansh Sethi (Ex-student, Foundation 'B')
