

Date : 07.09.2015

Dear Parent,

The Institute for Career Studies (ICS International) established in 1985, has an international presence and experience of over two decades in providing career guidance and counselling services as well as conducting a broad spectrum of educational and training programmes. Dr. Amrita Dass is a leading Educationist and Career-Consultant of the country. She is the Founder-Director of ICS-International and has the distinction of pioneering the career counselling and guidance services in the country. Dr. Dass is a consultant for a number of leading schools of the country as well. In Kolkata ICS is working with schools like La Martiniere for Girls, Modern High School for Girls, Loreto School, etc.

We really feel privileged as Ms Amrita Dass has agreed to tie up with our school and help our students make wise career choices. We at South City International School in collaboration with ICS have been conducting seminars and career counselling sessions since 2013. Career counselling for classes VIII and XI will be conducted from 5th to 8th October 2015 by senior consultants from ICS. A counselling session for parents of class VIII students will be held on 5th October 2015. The parents of the students of class XI will come during the individual counselling session for their child. After the counsellor has first met the student for 10 mins, the parents can join the session.

We suggest it be compulsory for all students as it is beneficial to the student.

With reference to the same, there will be an aptitude test on 15th September 2015 for classes VIII and XI. Based on the performance of the students in the test, the career counseling session will be conducted in the month of October. This test will need no prior preparation by the students. The date has been fixed keeping in mind that the following day i.e. 16th September 2015 will be a study leave for the students. This test aims at leveraging their aptitudes, skills, talents, and learning styles and will definitely help the students in realizing their potential.

The details of the aptitude test are given below:

Date : 15th September 2015
Time : Class VIII- 11.30 am
 Class XI - 11.45 am
Venue : Activity room of SCIS
Duration : 2 hours 15 mins

Parents are requested to send some light snacks with the students.

The results will be declared after a few weeks.

Looking forward to your active co-operation.

Warm Regards,

(John Andrew Bagul)
Principal
