Subject: A parting note  
To: [principal@scis.co.in](mailto:principal@scis.co.in),

Dear Sir,

My daughter Aishani Chaudhuri (VII C, SCIS2143) joined your school in April 2015 in the 5th grade. It is time to bid adieu now as we are relocating yet again but not before a word of thanks.

Aishani has been fortunate to have been guided by some wonderful teachers at South City and as a parent it has been my pleasure to watch her grow these last two years. She has always returned home with happy chatter about the school and her teachers. Most of her teachers have often stepped outside the prescribed syllabus to make their subjects interesting and more informative and Sir, as a parent I have always appreciated this. She has always spoken highly of her Science teachers in school, she started enjoying her second language here, too and has had the most enlightening classes with her History and Geography teachers these last 2 years. She loved the enriching experience of doing Shakespeare with her VII C class teacher Chinmoyee Ma'am. It is such a pleasure when our children get teachers who love their subjects so much that they are willing to walk the extra mile and make the process of learning so interesting.

Thank you once again.  
Sincerely yours,  
Devarchana.
